

The eco-warriors were very busy in the spring term:

They featured on the front of the Surrey Advertiser.

They helped our caretaker install 'Save-a-flush' in the school toilets.

They created a school 'Eco Code'.

They shared their progress with the whole school by leading Eco assemblies.

Finally, they made a video (see above) to explain all the work they have been doing to the Keep Britain Tidy Green Flag sponsors.

Thanks to their amazing hard work we have gained our Green Flag status!

We are very much looking forward to receiving our green flag.

Thank you to our wonderful eco-warriors for all their hard work.
