

Curriculum-Aligned Activities
Learn gives students access to curriculum-aligned practice activities and support materials, designed to consolidate a deeper understanding of concepts.

Explore
Explore helps students develop their critical and creative mathematical thinking through Problem Solving & Reasoning Questions.

Game-Based Learning
Play offers a range of engaging mathematical games including Live Mathematics, Multiverse and Rainforest Maths and more.

Assigned Tests
Review is where the students can access assessments that have been set by teachers.

Personalised Learning Environment
The student interface is customisable, allowing students to create their own avatars and modify their backgrounds.

Search
Students can use the search function to quickly find curriculum activities or content.

Self-Directed Learning
My progress shows the total number of activities completed, with the results clearly displayed, to allow students to identify strengths and weaknesses in their own learning.

View Results
The traffic light system allows students to easily track their progress through each topic. Red signals require additional study, yellow signals indicate that the student's understanding is developing and green shows evidence of mastery.

Celebrate Learning!
Daily and weekly point indicators let students know how many points they have earned for correctly answering curriculum activities and Live Mathematics questions, as they work towards earning certificates and claiming their place on the Mathletics Hall of Fame!
