## NHS Symptoms & Other Childhood Illnesses

**Symptoms** -An individual should **only seek a test if they have one or more of the main COVID symptoms** – a high temperature; a new, continuous cough and/or a loss or change to sense of smell or taste (or as directed to by a medical professional, at the request of a local council or as part of the government pilot project). **The guidance is clear that if an individual has one or more of those symptoms then they must isolate (stay at home and don't have any visitors) and get a test as soon as possible.** The rest of the household need to isolate for **14 days or until a negative test result.** The NHS has provided explanations for each of the main symptoms, which can be found via this link <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/>.

**Childhood illnesses** - if a child is unwell with other symptoms such as sore throat, earache, stomach ache, runny nose, skin rashes, then parents are advised to check NHS 111 online health condition advice – [is my child too ill to go to school](#), and contact their local pharmacy or GP if they need further help. **NHS 111 phonenumber should only be used for an urgent medical problem where parents or carers are unsure what to do.** If a child is too ill to attend school, the parent or carer should advise the school as per normal and arrange to care for the child at home until they are well enough to return.

## Internet safety

During the current Covid situation more and more of us, including the children, are using the internet to access things. Whilst there are some great resources on the internet, I am sure that you are aware of the potential dangers of using the internet and that you monitor what your child is accessing. There are some very nasty websites out there, which are easily available to people of all

ages with unpleasant images on them. And then there are the chat rooms; who know if the person you are chatting to is actually the person you believe it to be.

At school we actively teach the children to be internet safe. Our website has some great links to keep children safe. It is located under the heading **Parents – On line safety.**

## Year 3 – 6 pens and pencils

With the current situation, it would be really appreciated if all children in Key Stage 2 (Years 3 to 6) bring in their own blue inked pen, pencil, 30 cm ruler, rubber and glue stick in a small pencil case.

We thank you for your support in this as it really helps us.

## Swimming

Normally our children in Years 3, 4 and 5 have swimming lessons during the year. At the moment Hurst pool is not running swimming lessons for schools. When it re-starts, we will very carefully risk assess the situation and lessons will begin only when I believe it is safe to start.

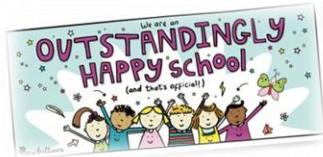

## School Ties, Badges and Water Bottles

You can now purchase school ties, badges and water bottles via Parentmail. The orders will then be processed and sent home with your child.

They are no longer available via the school office as the school is no longer accepting cash or cheques.

## School Office

If you need to speak to a member of staff in the school office please either telephone (020 8224 4731) or email:
