Science Workshop

This week, year 1 had an animal workshop at school as part of their science topic 'Animals, including Humans.' The children shared their new knowledge with the visitor about animal types, their diets and classifications. The visitor wasn't alone! She brought some of her animal friends. The children were able to touch and even hold them. This included a snake, a cockroach, a rabbit, a frog and a lizard. The expert was incredibly impressed with the children's knowledge! What an exciting and wonderful morning it was.

School Council

At the school council meeting today we voted for the chair and vice chair. Congratulations to Ziya (Chair) and Ellie (Vice Chair). At the next meeting we will vote on further roles in the council. We had a very good discussion on democracy and pupil voice. The councillors have already voted that we should organise for the learning zone (library and computer suite) to be opened for children to learn at lunchtime. The councillors had lots of other ideas they want to discuss further in class; ready for our next meeting before the end of term.

Bikeability

Bikeability is an amazing course. It took place all this week and it was a lot of fun. We learned about safety on the road while riding a bicycle. We also learned about signs and symbols. It really improves your confidence on the road. We learned about junctions, turns and riding on minor and major roads.

Dillon R., Windsor Castle

Bikeability is an amazing course that helps people to become more confident on roads and safely cross and make difficult turns.

Isobel B. Windsor Castle
